## ***Message From The President of Ramji Assar Vidyalaya Committee***

This is a true story of one man's determination and the collective efforts of like-minded philanthropists devoted to the noble cause of imparting education to the next generation. Today, these efforts have turned into a magnificent educational institution- RAMJI ASSAR VIDYALAYA.

Sheth Shri. Ramji Assar established a primary co-education school in June 1911 with 17 students, which included one girl student. The very fact that this was a co-education school was again a rare phenomenon in those days. After the demise of Shri. Ramji Assar, his wife Smt. Navibai Ramji Assar took upon herself the noble work of educating the future generation. By 1925, Ramji Assar Vidyalaya rose to its secondary school.

In the year 1928, Shri. Morarji Vasanji Balamandir started to impart education based on the Montessori system in Gujarati medium with just six students. In the year 1952, Pratap Singh Ranchhod Das School of Commerce started imparting education in vocational commerce subjects, perhaps one of its kind in the schools of Mumbai.

With the changing scenario and with English medium gaining popularity, Ramji Assar Vidyalaya gave an option to the Gujarati medium students of std. VIII to select English or Gujarati as their medium of instruction. This led to the birth of Ramji Assar Vidyalaya English Medium Secondary School in the year 1965 and Ramji Assar Vidyalaya English Medium Primary School. In the year 1972, we were fortunate in having a generous donor Shri. Dharamsy Morarji Bhatia to start a full-fledged English medium secondary school, which was named after his wife, Smt. Manibai Dharamsy Bhatia. In the year 1975, the Primary school was named after Shri. Dharamsy Morarji Bhatia.

By this time, the need for a Junior college led to the formation of H.V.K. Tanna College of Commerce in the year 1986 and which further grew into a senior college in the year 2009, in the name of Shri. Laxmichand Golwala College of Commerce and Economics.

The horizon of learning is endless, the avenues myriad, and we can only hope that in our humble mission, we provide an adequate base for every child to discover their capabilities. In the hustle of life in a crowded world, we develop children's individual potential so that they find their own groove in the endless possibilities life has to offer, which should leave their mark not on sand, but on stone. Moving with time, we have a new building with new infrastructure to cater to the needs of the changing times, like a well-equipped library, modern laboratory and interactive board in every class.

I feel proud to note that the 'M. D. Bhatians', as popularly known and are excelling in all fields. The young cricketers had been winners of the Harris Shield and Giles Shield. Volleyball, Chess, and Karate are the other fields in which our students are excelling. The farsightedness, quick thinking and demonic urge for progress have led to the institution's success in all walks of life. In the last few years, we have been able to etch our name amongst the best schools in Ghatkopar with 100% results in S.S.C. year after year. Congratulations to all the students, teachers, and parents.

The trustees of Ramji Assar Vidyalaya Wadi Trust and the Ramji Assar Vidyalaya Committee are proud that a child admitted to nursery class in our institution can later attain a Graduate or post-graduate degree from Laxmichand Golwala College of Commerce and Economics, affiliated to the prestigious University of Mumbai.

I am sure that the publication of ‘M. D. Bhatia Magazine’ will be a very effective medium to showcase the talents of the students and also to educate the community on a large scale. Congratulations to the budding writers, the editors and the principal Mr. Pankaj Agarwal who has taken the efforts.

- Shri. Devendra C. Shah  
President of Ramji Assar Vidyalaya Committee

*From The Desk of The Principal*

At Smt. M. D. Bhatia English Medium High School, every new year gives us a chance to learn, grow, and do better. Our motto, “NO FEAR WITH THEE,” reminds us that school is a place where every child should feel safe, confident, and encouraged to try new things.

I feel happy and proud to lead a school where teachers, students, and parents work together like one family. Our teachers work very hard every day. They attend training programs, use smart TVs and digital tools in the classroom, and always try new methods to make lessons interesting and easy to understand.

Our students are the heart of our school. They show great energy, creativity, and discipline. Whether it is studies, sports, cultural programs, science exhibitions, club activities, competitions, or everyday classwork, they always give their best. We feel proud of their achievements and the way they grow each year.

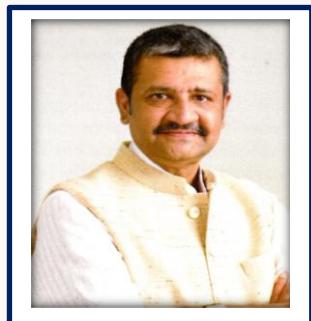

At MDB, we believe that education is not only about exams or marks. It is also about building good values, learning to think, asking questions, and discovering one’s talents. We want our students to be curious, confident, and responsible. As Einstein said, “Education is the awakening of curiosity in the soul.” We hope to keep this curiosity alive in every child.

Parents play a big role in our progress. Their support, suggestions, and trust help us improve our school in many ways. I am thankful to our management as well, for guiding us and helping us provide better facilities and opportunities to our students.

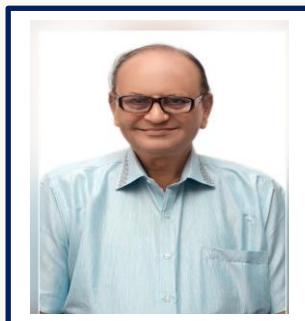

As we move ahead, let us continue to work together to make MDB a place where every child feels happy, supported, and inspired. I wish all our students, teachers, parents, and well-wishers a wonderful and successful year.

### **Importance of Time and Time Management for Students**

Time is one of the most precious resources in a student's life. It cannot be paused, replaced or regained, which makes using it wisely an essential skill. Effective time management helps students stay focused, organised and prepared for the challenges of academic life. By planning their day, setting clear priorities and avoiding unnecessary distractions, students can complete their work efficiently and create a healthy balance between study, rest and recreation.

Managing time well not only reduces stress but also builds discipline, responsibility and confidence. It enables students to make steady progress towards their goals and achieve excellence in both academics and personal growth. Students who value time learn to value their future, because every minute invested today shapes their success tomorrow. Developing this skill early helps students grow into efficient, productive and successful individuals. Good time management is not just a habit—it is the foundation of success, productivity and a meaningful life.

## मैत्री

पहिली मैत्री शाळेतली, आठवणीतून जात नाही,

आयुष्याच्या वळणावर, साथ कधी सुटत नाही.

जीवनात मैत्री हे असं नातं असतं, रक्ताच्या नात्यासारखंच ते खरं असतं,

मैत्रीत आपुलकी निखळ, प्रेम असतं, म्हणून हे नातं अगदी घटू असतं.

मैत्रीत कधी राग-रुसवा, तर कधी मस्करी असते, तीच तर मैत्रीची खरी भाषा असते,

खरी मैत्री सागरासारखी गहिरी असते, शब्दाविना समजून घेण्याची ती रित असते.

आयुष्यात कित्येकजण येतील-जातील, पण अडचणीमध्ये मित्र सबोत उभे राहतील,

खरी मैत्री जीवनात दुर्मिळ आहे, कठीण परिस्थितीत देखील एकमेकांची साथ आहे.

मैत्रीत एकमेकांच्या हातात हात असतो, शेवटपर्यंत साथ आणि अबाधित विश्वास असतो.

मैत्रीत असतात गप्पागोष्टी, कधी होते नुसती मर्स्ती, चुका ही होतात कधी तडजोडीही कराव्या लागतात,

सुंदर असे हे बंध विश्वासाचे, यालाच मैत्री असे म्हणतात.

## Still, I Choose the Moon

Can a flower bloom without the sun?

Can the rain fall without its touch?

Can the moon glow without its shine?

The sun-so strong, so bright, so much.

Yet, I still find the moon,  
Soft and quiet, lighting the night.

Far, yet it reaches me,  
With a glow that feels just right.

It holds the stars, a gentle dream,  
A beauty wrapped in silver light.

And though the sun makes it shine,  
I'll always love the moon at night

-- **Miss Chinchad Diya D. (VIII B)**

## **WHO KNEW?**

Black shirt? White shirt? which is the luckiest one?  
who knew colour was not a simple one?

Beautiful? Ugly? who says you are the one?  
who knew beauty was not a simple one?

Thunderstorm? Sunshine? Which is the happiest one?  
who knew weather could be judged by someone?

Fail? Pass? who is the smartest one?  
who knew grades could judge someone?

Fat? thin? who is the perfect one?  
who knew shape was not a simple one?

Past? Future? Which is the scariest one?  
who knew the present would be the abandoned one?

Poor? Rich? who is the lucky one?  
who knew money was not a simple one?

Good? Bad? Who knows who that one is?  
We knew people would be judged by everyone.

## **A Seed Called Hope**

A seed called hope lies deep inside, Through storm and night, it will abide.  
It bends with the wind, yet doesn't break, For life is more than what we take.

The soil is rough, the rain may fall, But still the seed will climb the wall.  
For growth is slow, and hearts must try, To reach the light, to touch the sky.

So when the world feels dark, unsure, Remember what you're living for!  
Each soul's a garden wild and alive, And even storms help dreams survive.

-- **Miss Rajgor Hetvi D. (VIII A)**

## The Cycle Within

There are days when sunlight songs,  
And life feels soft with golden wings.

Dreams bloom bright in gentle air,  
The world feels new, beyond compare.

Then comes the time when the heat runs high,  
We chase our goals beneath the sky.

Our hearts burn fierce, our spirits glow,  
Through passion's flame, we learn and grow.

Soon, the colours start to fade,  
Old leaves fall where memories pay.

Yet even loss can teach the soul,  
That letting go still makes us whole!

And when the winds turn sharp and cold,  
When silence bites and nights grow old.  
Remember roots still hold the ground,  
Even when no blooms are found.

For every cycle finds its start,  
In strength reborn within the heart.  
No fall can keep us down for long,  
Life breaks, then hums another song!

“Education is not the learning of facts, but the training of the mind to think.” — Albert Einstein

## The Unseen Struggle

They look at winners with jealous eyes,  
And think it's luck that opened the skies.

They don't see the hard work, the tears, the pain,  
The long nights and early mornings, all in vain,

The world sees the glory, but not the stress,  
The struggle, the doubts, the unrelenting quest.

Success is not a gift, but a goal achieved,  
Through hard work, sweat and tears unrelieved.

Bitterness whispers, "it's not fair, it's not right",  
But success is earned, not given day or night.

It's tested in fires and in trials,  
A flame that burns bright, a true success in life.
