Message from the president of Ramji Assar Vidyalaya Committee

This is a true story of one man's determination and the collective efforts of like-minded philanthropists devoted to the noble cause of imparting education to the next generation. Today these efforts have turned into a magnificent educational institution- RAMJI ASSAR VIDYALAYA.

Sheth Shri Ramji Assar established a primary co-education school in June 1911 with 17 students which included one girl student. The very fact that this was a co-education school was again a rare phenomenon in those days. After the demise of Shri Ramji Assar, his wife Smt. Navibai Ramji Assar took upon herself the noble work of educating the future generation. By 1925, Ramji Assar Vidyalaya rose to its secondary school.

In the year 1928, Shri Morarji Vasanji Balamandir started to impart education based on the Montessori system in Gujarati medium with just six students. In the year 1952 Pratap Singh Ranchhod Das School of Commerce started imparting education in vocational commerce subjects perhaps one of its kind in the schools of Mumbai. With the changing scenario and with English medium gaining popularity Ramji Assar Vidyalaya gave an option to the Gujarati medium students of std. VIII to select English or Gujarati as their medium of instruction. This led to the birth of Ramji Assar Vidyalaya English Medium Secondary School in the year 1965 and Ramji Assar Vidyalaya English Medium Primary School. In the year 1972, we were fortunate in having a generous donor Shri Dharamsy Morarji Bhatia to start a full-fledged English medium secondary school which was named after his wife, Smt. Manibai Dharamsy Bhatia. In the year 1975, the Primary school was named after Shri Dharamsy Morarji Bhatia. By this time the need for a Junior college led to the formation of H.V.K Tanna College of commerce in the year 1986 and which further grew into a senior college in the year 2009 in the name of Shri. Laxmichand Golwala College of Commerce and economics.

The horizon of learning is endless, the avenues myriad and we can only hope that in our humble mission we provide an adequate base for every child to discover their capabilities. In the hustle of life in a crowded world, we develop children's individual potential so that they find their own grove in the endless possibilities life has to offer that should leave their mark not on sand, but on stone. Moving with time, we propose to have a new building with new infrastructure to cater to the needs of the changing time like a well-equipped library, modern laboratory and interactive board in every class. I feel proud to note that the 'M.D.Bhatians' as popularly known and are excelling in all fields. The young cricketers had been a winner of the Harris Shield and Giles shield. Volleyball, Chess, and Karate are the other fields in which our students are excelling. The farsightedness, quick thinking and demonic urge for progress have led to the institution's success in all walks of life. In the last few years, we have been able to etch our name amongst the best schools in Ghatkopar with 100% results in S.S.C. year after year. Congratulations to all the students, teachers, and parents. The trustees of Ramji Assar Vidyalaya Wadi Trust and the Ramji Assar Vidyalaya Committee are proud that a child admitted to nursery class in our institution can later attain a Graduate or Post Graduate degree from Laxmichand Golwala College of Commerce and Economics affiliated to the prestigious University of Mumbai. I am sure that the publication of 'M.D.Bhatia News' will be a very effective medium to showcase the talents of the students and also to educate the community on a large scale. Congratulations to the budding writers, the editors and to the principal

Dr. Nisha Mohandas who has taken the initiative. Late Seth Ramji Assar and Smt. Navibai cherished a dream to be instrumental in guiding every child in Ghatkopar towards the light of knowledge by opening the doors of education to them.

----- *From the desk of the Principal* -----

Smt. M. D. Bhatia English Medium High School is a symbol of progressive and quality education. Our motto, "NO FEAR WITH THEE" captures the essence of our spirit.

I am very fortunate to work with such dedicated, innovative and caring staff members, parents and students. I find each day an adventure filled with new experiences, learning for all, and a chance to constantly

widen our horizons. It always gives me great pleasure to see the sea of smiling faces of children and I must admit that on many days it is the students who make my day a little brighter.

At Smt. M. D. Bhatia English Medium High School, the growth of each student is our focus. We recognize that as we 'work together and learn together students will be able to achieve their potential. Expectations from our students are high. We firmly believe that every girl and boy can experience success and go on to graduate as responsible, resilient and confident young adults, well-prepared to take charge of their future and become productive members of the community.

In our school, children will gain an all-around education and achieve their potential not just in the academic field but also in the field of sports and creative arts. Most importantly, at the school, we are a team of dedicated teachers and staff, committed to the welfare of the children in our care. For us, teaching is a passion and a calling. The importance of instilling good values in our students is our prime objective, so we try to hone the talents of our children in a manner that they reach their optimal potential.

In the process, they acquire the skills necessary to build a well-rounded personality as possible. We are fortunate to enlist a team of committed and passionate teachers who nurture our students on this path.

We encourage questioning as we want them to be agile in their thinking. We stoke their spirit of discovery and enquiry. As Einstein remarked — 'Education is not so much the feeding of facts into the mind as the awakening of curiosity in the soul'. We want our students to be lifelong learners.

Our aim, importantly, is to make education a fun-filled, enjoyable, learning and growing experience on a solid foundation of values. We believe it is important to create an environment where students look eagerly forward to coming to school. We want them to have fond memories of their time spent with us, long after they have left the portals of the school.

Innocence to salvage

**My childhood I could remember,
playing with mud from January to December.**

**I use to feel soothing,
as the element was my very own.**

**Still I cherish my moment,
I spent it with mud.
Being thankful to my ancestors for keeping soil safe.**

**Making mud pots, clay diya, cooking pots,
Flaunting as a designer.**

**The particles gave me immense pleasure,
I have felt it like a treasure.
Grateful to our forefathers,
for giving me such rapture.
By keeping soil safer.**

**Let's pledge we too will- safeguard the soil,
So that the coming generation can enjoy the earthly thing.
Save soil, save a life, moreover let's conserve our species.**

WHY-PERFECTION ?

**We all know a world known fact,
That no one neither is nor can be perfect,
All of us have some gaps and loopholes,
Yet why to carry burden on our souls.**

**Some are good at this and others are on that,
But why for ourselves we gather only hate,
We make others our inspiration who win the game,
Because we look at the best version of them.**

**Is it a rule to be perfect then we will be accepted?
Else our all other efforts & care will be neglected?
There is a simple solution to all these confusions,
Just to love ourselves with our all imperfections.**

**The more we run after this so called perfection,
The more we go through anxiety & depression,
Because our this desire shows one thing,
That we haven't learnt to love our own being.**

**We must learn to support ourselves when no one is on our side,
And forgive ourselves for the mistakes that we accept but hide,
We should know the worth of our real essence,
That our presence can make a huge difference.**
